**La Skin si veste di una nuova pelle:**  
Stone, caratterizzata da una texture granulosa e un colore antracite per una serie completa di accessori bagno di grande effetto. Verniciati ad acqua, realizzati con materiale plastico riciclato e certificato, questi dispenser sono rappresentativi di una progettualità che unisce design, estetica ricercata e tutela dell'ambiente.

**Skin gets a new skin:**  
Stone, characterized by a grainy texture and an anthracite color for a complete series of impressive bathroom accessories. Water-painted, made from certified recycled plastic, these dispensers are representative of a project that combines design, refined aesthetics and environmental protection.

# LINEA SKIN

Minimal style design

La **linea Skin**, realizzata per vestire come una pelle il contenuto dei dispenser, si compone di una **gamma completa** di accessori per l'igiene pensati per minimizzare l'ingombro e arredare con un design moderno e accattivante. Tra le varianti colore la **Fluo Antibacterial** è

realizzata con un materiale arricchito da ioni d'argento che conferiscono alla superficie stessa dei dispenser qualità anti-batteriche. La **nuova colorazione Stone** è invece rappresentata da un'elegante gradazione di grigio dalla texture ruvida e particolare.

The **Skin collection**, designed to dress the contents of the dispensers like a skin, consists of a **complete range** of hygiene accessories conceived to minimise clutter and furnish with a modern and attractive design. Among the color variants, **Fluo Antibacterial** is made from a material

enriched with silver ions that give the surface of the dispensers anti-bacterial qualities. The **new Stone color** is an elegant shade of grey with a rough and distinctive texture.
