CLEANING VALUE

EQUIPMENT SPECIALISTS

It's a TTS product if it...

it encourages a high standard of **hygiene**

it reduces **times** and therefore costs of operations

it is **ergonomic** and protects operator's health

it is **easy** to use, modular and customizable

it is unique in **design** and details

it reduces waste and **environmental impact**

**ABOUT
US**

A STORY
OF SUCCESS

made in Italy

Our
numbers:

1987 year of **foundation**

15 years: average **length of service** of our staff

42.000 m² of **warehouses**

More than **100** **patents** filed

We export to over **80** **countries** worldwide

4 **foreign branches:** Spain, Brazil, UK and Germany

More than **4.200** **items** in the catalogue

made in Italy

OUR
VALUE IS

COMPETENCE

- **Over 30 years** of activity on the market
- **Manufacturer specialised** in manual cleaning
- Experts in **healthcare** cleaning
- **Direct experience** gained in the field
- **Analysis of the needs** in the various sectors

YOUR PROFESSIONALISM

made in Italy

SERVICE

- Our experts at your disposal to provide **sales force and operators training** on the use of TTS products and the correct procedures for cleaning and sanitising environments
- **Surveys on sites** to detect specific needs
- **Wide range of products** to find custom-made solutions
- **Quick deliveries** : our stock at your disposal
- **After sale support**, components and parts always available

Green

IS BETTER

TTS has always been committed to the **eco-sustainability** of its production and the **safeguard of natural resources**, always following many eco-sustainability criteria: using environmental company and product labels recognised at European level; promoting material recycling; designing systems that **minimise environmental impact**; favouring **clean energy** sources; and much more!

Many of such actions are in line with the European Directives (GPP - Green Public Procurement), which outline the approach used by Public Administrations in incorporating environmental requirements in all the stages of the procurement process, promoting **environmental technologies** and the develop of more environmentally acceptable products.

TTS has been working for 30 years at the service of customers

Your satisfaction is our objective!

We continuously work to give you high quality products, easy to use and long lasting, so that you can save on costs and service times.

Our R&D department is always busy in designing for you systems ensuring more efficient, hygienic and eco-sustainable cleaning processes for all operators!

QUALITY AND ENVIRONMENT CERTIFICATIONS

DERBY XXL

ISO 9001:2015 – Quality Certificate

The tested TTS Quality System has enabled the company to obtain in 2001 the important ISO 9001 certification. This certificate commits the company to continuous quality improvement in terms of internal processes and organisational systems, with the aim of ensuring maximum customer satisfaction. All the control actions implemented across the whole production chain comply with current standards and are acknowledged, implemented and consolidated within the company.

ISO 14001:2015 – Environmental Certificate

Safeguard of the environment, continuous improvement in terms of environmental impact and the prevention of all types of pollution have always been among TTS fundamental objectives. For this purpose, the company has devised and implemented its own Environmental management system, certified following the requirements of the UNI EN ISO 14001 Environmental Management Systems international standard.

A sustainable choice

SOLAR ENERGY:

The **photovoltaic system** allows us to power the whole textile production process, providing a strong contribution to sustainable development.

BUCKETS

Since 2011 our **CO2** emissions
have been reduced by

-115

tonnes
each year

PSV CERTIFICATE PLASTIC SECOND LIFE

made in Italy

MAGIC SYSTEM 720S

TTS has always been committed to designing **sustainable professional systems**, solely using quality materials with **low environmental impact**. In particular, the company stands out for a wide range of products with components made from high percentages of recycled polypropylene, certified as Second Life Plastic.

The polypropylene makes TTS products particularly **strong, long lasting and recyclable at the end of their life**, contributing in a tangible way to the safeguard of the environment. The use of recycled plastic also makes it possible to preserve the traditional colours that have always characterised the whole range of TTS products.

NICKITA

The "Plastic Second Life" mark is an environmental product certification intended for materials and products obtained from the recycling of plastic waste.

MICROSAFE

MICROSAFE WIDE

MOP

The wide range of TTS yarns includes **cloths, flat mops and mops certified Ecolabel EU** mark of the European Union that identifies the products with the lowest environmental impact. The prestigious label was issued after a careful evaluation by independent experts, carried out based on rigorous scientifically defined criteria.

In an Ecolabel product there is a certification for the **absence, or presence within very strict limits, of countless substances harmful** to both people and the environment, including lead, formaldehyde and biocides.

The Ecolabel also certifies **sustainability from the production phase** and **resistance over time to washing, rubbing and light**.

IT/016/039

The EU Ecolabel is a European eco-label that certifies products with high performance standards and low environmental impact throughout their life cycle.

CARBON FOOTPRINT

made in Italy

Discover all the steps by TTS at www.ttsystem.com

TTS has developed a **system for the quantification of greenhouse gas emissions for each phase of the product life**: in this way, it is possible to identify the most critical phases, implementing concrete actions aimed at reducing CO₂e.

Our commitment has allowed us to reach an important goal: TTS is one of the first companies in the world to have obtained the implemented **CFP Systematic Approach certification**.

THE STEPS OF TTS TOWARDS A CLEANER FUTURE

In 2019 TTS started a **long-term compensation programme** to fully offset the carbon emissions associated with the annual production of Magic trolleys thus making it the **first carbon neutral trolley line**. A concrete gesture in support of important projects of **responsible environmental management** that not only allows the absorption of countless tons of CO₂ but also helps to safeguard endangered ecosystems, protect biodiversity and protect the work of local communities.

PartnerPlusBenefit

LUFTHANSA GROUP

Climate Supporter

We offset CO₂ of company flights with Compensaid via PartnerPlusBenefit.

partnerplusbenefit.com

Furthermore, in 2022 TTS joined the **Compensaid** service, helping to **offset carbon emissions related to flights** taken by its employees on business trips.

Zero plastic goal

98.8% of the products sold travel inside cardboard packaging, an **ecological material** as it is made of natural fibres and **easily recyclable at the end of life**. 91% of the cardboard used contains **80% to 100% recycled paper**.

Optimized transport

The products are **designed to take up as little space as possible**: stackable frames, foldable bag holders and compactable handles are just some of the solutions developed by TTS which, in addition to ensuring maximum efficiency in terms of **space saving, allow to optimize packaging and therefore transport**, reducing the environmental impact.

THE ORIGIN OF MATERIAL

Suppliers zero km

The plastic used to make the products comes exclusively from **selected suppliers** that are located at a **maximum distance of 45 km** from TTS headquarters: the proximity to manufacturers and printers makes it possible to **guarantee the origin of the materials and reduce CO2 emissions linked to transport**.

Each of your creations becomes for us a big project!

Create the best trolley according to your needs: it is proven that a **custom-made trolley** reduces working time up to **19%**. From the wheel to the bucket: each small detail of your configuration is very important! After you have built up your ideal trolley, you could send us **your project** with just one click and ask for information.

Your price lists become smart!

We have created for you an on line reserved platform to manage your sales price lists:

- **SEE** real-time your TTS purchase prices, always updated
- **CREATE** specific price list for the different mark-up: making customized offers has never been so easy!
- **MANAGE** all price list in your on line space with restricted access
- **CREATE** and inform your sales people about the codes of their price list: they will always see the updated prices

Always ready, wherever you are!

Present your best commercial offers **anywhere** and **whenever**!

Limitless: from today Magic Mobile can be used with **Android, iOS** and **Windows**.

Try Magic Mobile, TTS trolley configurator!

An easy tool, always at your fingertips and updated in realtime, to build step by step the cleaning trolley fitting your needs at best.

supported by TTS at
www.ttsystem.com

Our commitment to the future

TTS renews its **social commitment** year after year, supporting projects with important objectives including the defence of **human rights**, the protection of the **community**, the promotion of development and the safeguarding of **culture**.

Some of the projects supported

Save the Children

TTS supports Save the Children, helping the international organisation that has been fighting for more than 100 years to **rescue girls and boys at risk** and secure their future

ADMO

TTS chooses the Easter cakes of ADMO, the association set up to raise awareness of the importance of **bone marrow donation** to fight blood cancers

WelfareCare

TTS supports the **breast cancer prevention** initiatives of WelfareCare, the charity that makes mammograms and ultrasound scans accessible to women aged 35-49

TTS is also committed to the **local community**: over the years the company has helped support access to training, sports activities and the organisation of social events.

SOLUTIONS FOR FOOD INDUSTRY

made in Italy

TTS is now your hygiene expert also in the food industry

Hygiene is a key factor in any environment where food is handled and processed.

We all agree with this statement but we tend to take it seriously only in the food. It is a basic principle that should also guide the choices made in the local café.

The choice of the correct **cleaning equipment** is of strategic value not only in the food industry but also in every catering context such as hotels, bars, canteens, kiosks and food trucks.

TTS, in order to be able to offer expert advice and certified products, entered into a business partnership in 2022 with **IGEAX**, a company specialised in the production of **colour-coded and detectable food contact equipment**. TTS can therefore be your ideal partner and developer of solutions for the food industry.

IGEAX is the new face of **Ariston Cleaning Solutions**, a leader in the brushware industry for over 80 years.

The wide range of items available satisfies every cleaning need: **made in Italy** from high-quality raw materials, they allow you to **get the most** out of any operation and any environment with **minimum effort**.

Contact us to find out all the advantages of the range and to arrange tailor-made advice for your customers

GENERAL PRODUCT SAFETY

GENERAL SAFETY OF PLASTIC, METAL AND MIXED PRODUCTS

The articles we sell do not require product certification, as they correspond to the definition in Legislative Decree 206 of 06.09.2005.

Based on such decree, a safe product is a product that during normal or reasonably predictable use, including in terms of duration, does not pose any hazards or only minimum hazards, compatible with the use of the product itself.

The articles mentioned do not fall under any of the European Product Directives, in particular not the Machinery Directive 93/37/EC, the Low Voltage Directive 73/23/EC or the Electromagnetic Compatibility Directive 89/336/EEC.

In any case, there are no particular risks associated with the articles or the cleaning systems to which these articles relate.

The materials used are all materials that pose no chemical risk to the health of users.

The company constantly monitors the materials used and keeps their safety data sheets.

As far as safety is concerned, it is specified that the articles must not be used by non-professional users and must not be used on uneven surfaces with a slope of more than 1%.

It is also recommended that the articles be stored in such a way that they are out of the reach of children.

Finally, the manufacturer is not liable for any damage caused by the substances used by the operator.

SAFETY OF ELECTRICAL PRODUCTS

Our electric items - Aura range - meet the 89/336/EEC Electromagnetic Compatibility Directive and are all CE marked.

Before using electrical items, the operator must read the instruction manual, which he must carefully and scrupulously follow. For any doubts, the operator may contact the manufacturer or the Service Centres.

The materials used for the production of electrical items are all materials that do not pose a chemical risk to users' health. The company constantly checks the materials used and keeps their safety data sheets.

Lastly, the manufacturing company is not liable for any damage caused by the operator when using electrical items.

DECLARATION OF CONFORMITY

All items we sell comply with current safety laws and are covered by a 'Product liability' insurance policy.

TTS CLEANING S.R.L.

TECHNICAL CATALOGUE

Lampo

Quick hooking and unhooking system

FEATURES

- **TIME SAVING:** you attach the full range of tools for professional cleaning instantly
- **HIGHEST SECURITY:** keeps the tool fixed during use, preventing accidental release
- **UNIVERSAL SOLUTION:** allows the use of one handle for all cleaning operations

FACILITATES CLEANING

Access easily the most difficult-to-reach and high surfaces by hooking dusters and web brushes quickly

DOUBLES THE CHOICE

Jack Lampo with Italian thread is available in versions for handles \varnothing 23 mm and poles \varnothing 21 mm

Dusting - Dusters and web brushes

BiLap Twist

Twisting duster

FEATURES

- REDUCES THE QUANTITY OF CLOTHS USED: BiLap Twist uses the same cloths that are normally used for manual surface cleaning
- INCREASES PRODUCTIVITY, REDUCES STRAIN: BiLap Twist covers a larger surface in comparison to manual wiping
- MAXIMUM HYGIENE WITHOUT WASTE OF TIME: BiLap allows to change cloth in each room (bedrooms, restrooms...)
- REACHES ANY SURFACE: just one single tool for quick and precise cleaning of hard-to-reach surfaces with regard to highness, depth or inclination.
- UNIVERSAL CLIPS TO FIX CLOTHS: BiLap Twist is to be used with multipurpose, disposable or antistatic cloths
- QUICK ADJUSTMENT SYSTEM: button system in order to incline the frame up to 270°
- HOOKING AND UNHOOKING LAMPO SYSTEM: handgrip with Lampo system allows BiLap Twist frame to be quickly attached to the telescopic handle or pole to access higher surfaces

SYSTEMS AND USE

BiLap Twist, Bendy and Bit

BiLap Twist frame

Duster with revolving plate inclining up to 270° with universal clips and Lampo system handgrip with removable cap

code	notes	cm	C	pcs	kg	m ³
00008895		54 11		6	2,23	0,013

To be used with microfibre cloths (minimal size of one side: 35 cm) - Jack Lampo (cod. 00008546-7) not included

Bendy

Flexible duster

FEATURES

- Flexible and foldable duster, inclining up to 270° thanks to the practical button system
- Supplied with a hook to fasten the mop head and with an universal clip to fasten the disposable cloths
- Used to dust hard-to-reach surfaces or with particular shapes like wardrobes, shelves, beds, tube-shaped lamps
- With polyethylene support: strong, easy to shape and to clean
- Thanks to the handgrip with Lampo system, Bendy can be quickly attached to the telescopic handle or pole to access higher surfaces

Manual cloths

Drip-Fix

Disposable super-absorbing floor cloth

FEATURES

- **HIGHLY EFFICIENT:** problem solver for accidental spillage, it absorbs the liquid and holds it up, without any dripping and the floor is quickly dry
- **NO DRIPPING:** the super-absorbing polymers inside the cloth transform the liquid into a gel, which is bonded safe, without any dripping
- **SUPER-ABSORBING:** it absorbs in a few seconds approximately 1000 ml of tap water, drinks, oils or organic liquids
- **ALL-IN-ONE:** it absorbs easily water, drinks, oils, organic liquids and chlorine bleach
- **FAST AND MULTIUSE:** absorbs different types of viscous and highly viscous liquids in 30 to 150 seconds
- **HIGHEST SAFETY:** the floor is quickly dry, thus avoiding the risk of accidental slipping
- **HYGIENE GUARANTEED:** it avoids any contact thanks to the upper impermeable printed side and is safely disposed of according to the waste collection plan
- **DISPOSABLE:** safe and quick disposal of the used cloth, no risk of cross contamination

Disposable cloths

Floor dusting systems

Dusting systems

Flat mops, cloths and frames for floor dusting

FEATURES

Dusting systems eliminate dust quickly and effectively, avoiding lifting and consequent dispersion in the environment.

The solutions realized have been specifically designed for dry or wet use, depending on the needs.

The traditional systems for dry dusting adhere perfectly to the floor, capturing and retaining even the smallest particle of dust. The flat mops are available in cotton or acrylic and are long lasting, representing an excellent investment with low environmental impact.

Systems for damp dusting glide effortlessly on surfaces, collecting dust without residues. High performance is combined with maximum hygiene: the range of disposable cloths, available with mineral oils, vegetable oils or glue, ensures control of cross contamination.

Dustpans for waste collection

B-Fly / Clip

Dustpans with foldable grip

FEATURES

- B-Fly is the dust-pan and squeegee system that allows you to clean any type of dirt, solid or liquid, dry or damp, without bending, thus avoiding any direct contact with the spillage
- Ideal for bars, restaurants, canteens and hospitals
- Ergonomic, handy, easy to use and to clean
- Efficient in picking up waste because it adheres perfectly to the floor
- You just have to detach the bag to get rid of waste, thus avoiding contact with hands and keeping away unpleasant odours, which normal dustpans cannot do
- B-Fly and Clip dustpans are provided with a handle holder and a practical foldable grip, easier to put away after use, thus reducing volume

Mop

COTTON

- **Material deriving from low impact and recyclable production processes**
- It effectively removes and retains dust and residual dirt
- Available with different finishes to satisfy any need
- » **Wide central band** makes mop fixing to the clamp easier
- » **Narrow central band** ensures a highly cost-saving product
- » The **tailband** keeps fibres united granting a better dirt collection
- » **Looped end yarn** prevents the natural process of yarn unraveling making the mop more durable and launderable

VISCOSE

- It is characterized by a large floor coverage
- It does not get damaged, does not mold and does not rot
- Prevents the formation of bad smells
- It can be used with chlorine

MICROFIBRE

- It effectively removes and collects dirt and bacteria
- The high mechanical action of removing dirt and bacteria reduces the consumption of water and chemicals
- It resists to frequent washing, granting a long life of the product

Frames

CLAMP

High quality plastic system

- **100% recyclable**
- Easy to fix
- Long lasting
- Available in different colours

BIX

Ring nut system

- **100% recyclable**
- Suitable for all types of handles
- Long-lasting
- Can be wringed by rotating on both sides

SOCKET

Thread system

- Practical and handy
- Easy to use
- Always ready-to-use
- Robust and resistant

Increases mop efficiency

- more cleaning material
- easily machine washable

COTTON MOPS CERTIFIED

THE ENVIRONMENTAL EXCELLENCE
MARK OF THE EUROPEAN
UNION THAT IDENTIFIES THE
PRODUCTS WITH THE LOWEST
ENVIRONMENTAL IMPACT

GUARANTEE OF:

- absence or presence within very strict limits of substances harmful to people and the environment
- sustainability from the production stage onwards
- resistance to washing, rubbing and light over time

COTTON

EFFECTIVE & ECO-FRIENDLY

- It effectively removes and retains dust and residual dirt
- It ensures high absorbing power and a large floor coverage
- Material deriving from low impact and recyclable production processes and recyclable at end of life

Trilogy

Washing and disinfection system

FEATURES

- Trilogy frame doubles surface cleaning and cut the quantity of necessary flat mops in half, as it can be used on both sides to clean horizontal and vertical surfaces.
- Trilogy is designed to be used with double-sided Tri flat mops that give the double result in terms of cleaning compared to those with one single cleaning side.
- The touch-free release system allows the flat mop to be disposed of without touching the dirty fibres, reducing the risk of cross contamination.

USE

Fix the flat mop to the frame

Clean with one side

Turn and clean with the other side

Detach the flat mop without contact

WASHING

EXON - MICRO-STRAP TAPE SYSTEM

Micro-strap tape system for maximum grip

Combining the Exon frame with the disposable cloths makes it possible to use a particularly **lightweight system** that makes it **easier to wash** floors and **speeds up the replacement of the cloth**, with less effort for the operator.

The cloths provide a **good dirt collection** and **remain firmly attached to the frame during use** thanks to the special micro-strap tape bars.

INFO AND ADVANTAGES

ERGONOMIC: micro-strap tape system is lightweight,
easy to use and easy mop fitting

EFFICIENT: excellent hold of the special micro strap tape system on the
fibres of disposable cloths

DISPOSABLE CLOTHS

MICROFIBRE

TTS Microfibre

ECO-FRIENDLY

MAXIMUM ABSORPTION

HIGHEST HYGIENE

Microfibre Fabric

Semi-disposable
washable up to 10 times

POCKETS SYSTEM

Touch-free system

Pockety frame is lightweight and easy to use, **adheres perfectly to the floor** and easily reaches every corner, **ensuring deep cleaning** and **maximum hygiene**.

Washing and disinfection with the special disposable cloths guarantee the **control of cross contamination** as they allow you to clean each area with a different and clean cloth.

INFO AND ADVANTAGES

VERSATILE: ideal system for professional cleaning of horizontal and vertical surfaces in environments with high contamination risk

TOUCH-FREE: the release system allows the cloth to be disposed of without touching the dirty fibres, guaranteeing a high level of hygiene

WHY YOU WOULD CHOOSE TTS MICROFIBRE

WITHOUT INTERNAL SPONGE

COLOUR CODED

5 FRAMES

SOFT PRO

100% polyester

- Ideal for spray cleaning, dry dusting, and waxing floors
- Long loop: for medium/low dirt or daily cleaning

SOFT STRIAT

80% polyester
20% polyamide

- Ideal for washing, ensures excellent absorbency and very low friction
- Short loop: cost-effective and efficient in cleaning

SOFT BAND

87% polyester
13% polyamide

- Ideal for washing, cleans deeply and retains dirt
- Long fibres with high collection power

TANDEM

100% polyester

- Ideal for dry/damp dusting and for washing
- Short loop for medium/low dirt and long loop for medium/high dirt

Microfibre

MICROSPLIT 32

80% polyester
20% polyamide

- Ultra-high-performance microfibre that captures and retains dirt and allows greater floor cleaning autonomy
- Long loop: for medium/high dirt or for less frequent cleaning

MICRORICCIO

100% polyester

- Very good dirt collection together with highly absorbing power
- Long loop: for medium/high dirt or for less frequent cleaning

MICROBLUE

85% polyester
15% polyamide

- Ideal for dry dusting, very good floor cleaning autonomy in case of damp use thanks to internal microfibre layer
- Short loop: for medium/low dirt or daily cleaning

MICROBLUE BCS

85% polyester
15% polyamide

- Ideal to avoid cross contamination thanks to antibacterial additive treatment
- Short loop: for medium/low dirt or daily cleaning

MICROSAFE

50% polyester
20% polyamide
30% polypropylene

- Easy removal of stains and stubborn dirt thanks to polypropylene inserts, very low friction
- Short loop: for medium/low dirt or daily cleaning

MICROSAFE WIDE

50% polyester
20% polyamide
30% polypropylene

- Highly absorbent and effective in removing ingrained dirt
- Short loop: for medium/low dirt or daily cleaning

ULTRASAFE

50% polypropylene
40% polyester
10% polyamide

- Very good dirt collection together with low friction
- Short loop: for medium/high dirt or daily cleaning

EFFECTIVE, EVEN AGAINST VIRUSES AND BACTERIA

TTS microfibres ensure fast and thorough cleaning, not limited to visible dirt:

the viral removal test revealed high efficacy against Coronavirus 229E

Not only that: analysis of bactericidal activity showed
excellent results in the removal of bacteria

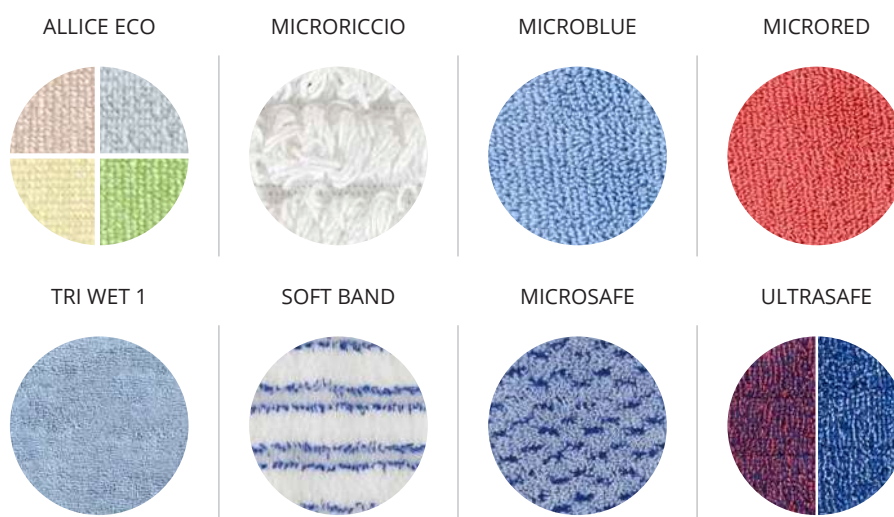

The effective mechanical action guarantees
thorough, high-performance cleaning
by reducing the amount of detergent required for disinfection

Sustainable, even in the washing machine

We have had our cloths and mops tested by a specialised external laboratory for the release of microplastics during textile washing

All products **passed the test** and were confirmed as

ENVIRONMENTALLY FRIENDLY

Fewer microplastic emissions mean **greater enviromental and health protection**:
using wash resistant textiles helps to take care of our planet and its inhabitants.

MICRORICCIO

Colour-coded for correct risk management

IDEAL TO AVOID
CROSS CONTAMINATION

TUFT Line

Floor mops woven with knotted tufting system

FEATURES

- **SPECIAL TUFTING:** the tufting system bonds fibres to the support, granting a long life cycle to the mop
- **INCREASED RESISTANCE:** the double stitching at the points of greatest effort ensures a longer life to frequent use and washing
- **MAXIMUM ABSORPTION:** the thick weave of the yarn gives a long washing autonomy, saving water and detergent
- **HIGH PERFORMANCE:** the cleaning solution is evenly distributed on the floor, making cleaning easier

CLEAN & GO

STRAP TAPE SYSTEM

Light, easy spare mop fitting and ideal for pre-soaking and soaking on-demand

Extraordinary becomes ordinary

With Lampo you can use one handle for all frames, releasing them directly on the trolley without contact

Find out more about Lampo system

With **Jack Lampo** attach equipment in a flash

Thanks to the Jack Lampo adapter, it is finally possible to attach the same handle to all your equipment, dealing with any expected or unforeseen need. The operator does not have to go back to the storeroom to get the tool required for extraordinary operations, nor does he have to retrieve ladders or stools to reach higher surfaces, as he always has everything he needs for any cleaning job, planned or unplanned.

Extraordinary becomes ordinary

With **Plug Lampo** attach frames without contact

Thanks to the Plug Lampo device, the operator can place the dusting and washing frames on the trolley, avoiding direct hand contact with contaminated surfaces. Placing all the frames in their proper place and at the same time reducing the number of handles ensures an obstacle-free, fully equipped trolley.

DOUBLES THE CHOICE

Apply Plug to **Magic** trolleys to increase efficiency and choose **Nickita** trolleys with integrated Plug to make the most of a complete cleaning station.

INFINITELY ERGONOMIC

HANDLE

- Reduce wrist movements by 75%
- The 360 ° rotation of the upper and central handle ensures maximum ergonomics
- Lightweight (510 gr) and adjustable in height, prevents fatigue and incorrect posture
- The handle locks with a click, allowing you to rest the tool safely
- The rubber inserts ensure an effective, stable and comfortable grip

WRIST ERGONOMICS

(working in a neutral position)

Standard handle: the wrist is subjected to strong flexion / extensions*

Infinity handle: the wrist operates within a comfortable range of motion, reducing effort*

JOINT

- The joint facilitates the "S" movement without tiring shoulders, arms and wrists
- Designed to reduce operator's strain, increasing productivity
- It allows easy cleaning even difficult to access areas

AVAILABLE IN SYSTEMS:

BLIK

POCKET

STRAP TAPE SYSTEM

UNI SYSTEM

WET SYSTEM

*"EVALUATION OF COMPLIANCE WITH THE ERGONOMIC REQUIREMENTS OF THE INFINITY HANDLE" BY HUMANA CONSULTING

Strap tape system

Washing and disinfection system

FEATURES

Strap tape system is ideal both for dusting, dry or damp use, and for washing.

- Frames allow to change mops easily
- Strips with strap tape system are interchangeable
- It can be used with pre-soaked spare mops avoiding the risks of rinsing which cause backache and wristache to the operators

USE

Placing frame on the mop

Detaching dirty mop from the frame

Easy replacement of the strips

Strap tape system

Uni System

One frame for 3 systems

FEATURES

- **LIGHTWEIGHT**
The system is lightweight, which reduces operator's strain
- **CONVENIENT**
Flat mops are easy to attach thanks to the facilitated hook mechanism
- **ERGONOMIC**
The ergonomic design of the frame ensures an easy set-up of the tool
- **SAFE**
Flat mop remains firmly attached during use, thanks to the anti-slip device
- **FUNCTIONAL**
Block System joint allows the cleaning of vertical surfaces
- **HYGIENIC**
The dirty mop can be quickly detached, without any physical contact with dirt

Uni System

Washing and disinfection system

FEATURES

Uni System makes it easier to clean horizontal and vertical surfaces thanks to the ergonomic design of the frame and the wide range of flat mops.

The system is lightweight and handy, which reduces operator's strain and avoids useless efforts.

Uni System is designed so that the mop is easy to fix and the dirty mop is detached without any contact.

USE

Place the frame vertically

Press down

Fix the mop to the frame

Detach the mop without contact

ERGONOMICS AND MAINTENANCE

NO BENDING

Equipped with an ergonomic grip that makes it easier to use the tool, always maintaining a proper position

REDUCTION OF WEIGHT LIFTING

No more heavy buckets to be lifted and no more mops to be rinsed or wringed out

EASY TO CLEAN

Easy cleaning of the tool, no need to disassemble it

REDUCTION OF CHEMICAL

The bottle is easy to fill and chemical can be perfectly dosed, with considerable time and cost saving

TO BE USED WITH THE FOLLOWING SYSTEMS

STRAP TAPE SYSTEM

BLIK

TRILOGY

BOTTLES

COLOUR CODED BOTTLES

The bottles are available in different colours, to allow the operator to diversify chemicals according to the different environments to clean, but always using a single tool, which means considerable time saving.

REMOVABLE AND INTERCHANGEABLE

For easy cleaning of the bottles and for convenient pouring of the chemical

Handle with tank

FEATURES

- **REDUCED CLEANING TIME:** makes cleaning quick and easy, avoiding the complicated procedures of traditional systems
- **HEALTH PROTECTION:** eliminates strain and bending due to heavy buckets with wringer
- **CHEMICAL AND WATER SAVING:** allows dosage based on actual needs, avoiding waste of cleaning solution
- **NO ACCIDENTAL SPILLING:** prevents spillage thanks to the innovative system for safely closing the tank and button lock system

TECHNICAL DETAILS

Tank with 500 ml capacity

Lock of button to dispense

Locking ring for tank closure

Nozzles for dispensing on the floor

Glass —Line—

The special line has been designed to

MAKE POLISHED SURFACES SHINE

without waste of time and energy

Each tool is equipped with **LAMPO JOINT**
providing quick and stable attachment to poles and handles

Window cleaning

Clean Glass

Window cleaning system

FEATURES

- Cleans and polishes glass, mirrors and steel in a third of the time with a single wipe
- It removes marks, dust and stains leaving the surface shiny
- Ideal for frequent cleaning of entrance doors and refrigerated counters
- Increases efficiency by reducing costs by 70% compared to the traditional method

TECHNICAL DETAILS

Faster operation thanks to large cleaning surface area

Surface polishing with the ultra-microfiber mop

Removing heavy soiling with the microfiber mop

Jack adapter for instant attachment to telescopic handle

Pockety

NO MAGIC SPELL NEEDED,
POCKETY DOES IT ALL FOR YOU

WASH & GO

No spells or magic formulas are needed:

attaching and releasing mops
without bending or hand contact **is finally a reality**

TOUCHLESS

No contact with dirt and bacteria: unlike traditional systems, Pockety allows you to release the mops into the bucket without hand contact.

QUICK

Attach and detach mops in a flash: the perfectly symmetrical frame ensures quick set-up while the innovative lid removes mops instantly.

EASY

Just one easy and intuitive movement: simply remove the frame from the lid to collect the used mop directly into the laundry bag inside the bucket, which also makes laundry operations easier.

GREATEST CONTROL
ON CROSS CONTAMINATION

Wringers

WIZ - Plate wringer

- FLEXIBLE: the adjustment system allows you to set the moisture content of the mop, keeping it constant at each wringing
- EFFICIENT: ensures thorough wringing, fast drying of the floor and optimal cleaning
- ERGONOMIC: requires half the effort compared to traditional wringers, reducing the risk of injury and muscle pain
- WITH ACCESSORIES: provided with aluminium handle, adjustable thickness and bushings, handle holder, anti-splash front side, and hooks to fix wringer to the bucket

TO BE USED WITH WASHING SYSTEMS: UNI SYSTEM / WET SYSTEM / POKETY, BLIK & WET DISINFECTION

TEC - Jaw wringer

- EFFICIENT: provided with a mechanism that brings jaws to the bottom ensuring performance without the need of reductions
- WITH ACCESSORIES: provided with aluminum handle, large basket, twisting handle holder, anti-splash front side, double handles to carry it easily and hooks to fix wringer to the bucket

TO BE USED WITH WASHING SYSTEMS: UNI SYSTEM / WET SYSTEM / POKETY, BLIK & WET DISINFECTION / MOP

DRY - Roller wringer

- ERGONOMIC: Wringing with roll allows an effort reduction of 30% in comparison with traditional wringers
- PRACTICAL: with bottomless wringer rinsing and wringing take place with one single simple movement inside the wringer, saving time and effort
- VERSATILE: possibility to adjust mop's moistness thanks to the three different positions of the roll
- WITH ACCESSORIES: provided with shaped varnished handle, adjustable roll, twisting handle holder, anti-splash front side and hook to fix wringer to the bucket

TO BE USED WITH WASHING SYSTEMS: UNI SYSTEM / WET SYSTEM

O-KEY - Flat wringer

- PRACTICAL: with bottomless wringer rinsing and wringing take place with one single simple movement inside the wringer, saving time and effort
- WITH ACCESSORIES: provided with shaped varnished handle, twisting handle holder, anti-splash front side and hook to fix wringer to the bucket

TO BE USED WITH WASHING SYSTEMS: UNI SYSTEM / WET SYSTEM / POKETY, BLIK & WET DISINFECTION / MOP / BIX

TRIPRESS - Bucket and wringer

- EFFICIENT: intuitive and easy to use, for a perfect and effortless wringing
- DOUBLE VERSION: available with lever system or with manual pressure wringing system, in order to satisfy any need
- WITH ACCESSORIES: provided with central handle holder and security buttons to fix handle and wringer to the bucket, handle with anti-oscillation hooks and snap-together bucket system, no dripping

TO BE USED WITH WASHING SYSTEMS: TRILOGY

Wringers

Wiz

Plate wringer

FEATURES

- Polypropylene wringer with adjustable thickness and bushings
- Provided with aluminium handle, handle holder and anti-splash front side
- The adjustment system allows the wringing intensity to be adapted according to the surface to be cleaned and the mop
- Wrings 10 to 20% more than traditional wringers, reducing floor drying time
- Reduces from 50% to 70% the effort required for wringing, less strain
- Studied to effectively wring flat mops

The compact cleaners trolley with great features

NICK!TA

30 50

FEATURES

- **DESIGN:** well-finished, subtle and stylish to fit into any environment
- **ERGONOMIC:** the wringer is positioned higher than others in the market to limit bending, reduce strain and improve occupational health
- **FLEXIBLE:** lightweight and compact to facilitate manual handling during cleaning operations and for efficient stacking in storage
- **VERSATILE:** the single frame is compatible with 15 and 25 L buckets and all TTS wringers
- **HANDY:** the stackable frame minimises storage space and optimises transportation, which reduces the environmental impact
- **ECO-FRIENDLY:** components made with PSV recycled plastic and without small metal parts to make them easily recyclable
- **CUSTOMISABLE:** available with a convenient hook for duster and floor sign and a practical basin to hold tools

Ergonomic and handy grip

Convenient hook for floor sign or duster

Useful basket to hold cleaning tools

Made with recycled plastic (PSV)

Colour coded buckets

Compatible with all wringers

Create a complete cleaning station with

Action Pro

Double bucket

ACTION_{pro}

WASH & GO

FEATURES

- PROFESSIONAL: double bucket to separate rinsing water from detergent solution
- TWO DRAIN-PLUGS: front and back, to empty liquids out easily
- HYGIENIC AND PRACTICAL: with ACTION PRO rinsing water is always clean, thanks to the back drain-plug it can be emptied any time you need, without throwing away cleaning solution at the same time
- HANDY: double handles to carry it easily
- ERGONOMIC: higher than the traditional buckets it allows the operator to work while standing
- EFFICIENT: it cuts working time and saves cleaning solution
- STACKABLE: thanks to removable four 80 mm wheels
- ECO-FRIENDLY: completely made of polypropylene, non-rusting, solid and entirely recyclable
- VERSATILE: suitable with Tec, Wiz, Dry and O-Key wringers

TECHNICAL DETAILS

Two separate drain-plugs, back and front

Partial outflow of the bucket

Total outflow of the bucket

Set with rising devices for options with Dry and O-Key wringers

To be used with Nick Light trolleys, Action Pro/Pile buckets and Smile bag holder

ACTION_{pro} + DRY

As easy as counting to 3

1 - WASHING

2 - RINSING

3 - WRINGING

Witty

Bucket with removable divider

FEATURES

- DOUBLE BUCKET to separate rinsing water from the detergent solution
- Removable hermetic CENTRAL DIVIDER
- BACK DRAIN-PLUG avoids lifting the bucket to empty it
- HANDY: double handles to carry it easily
- ERGONOMIC: higher than the traditional buckets it allows the operator to work while standing
- EFFICIENT: it cuts working time and saves cleaning solution
- ECO-FRIENDLY: completely made of polypropylene, non-rusting, solid and entirely recyclable

TECHNICAL DETAILS

Back drain-plug to facilitate bucket emptying

Partial outflow of the bucket (divider inserted)

Total outflow of the bucket (divider lifted)

Removable hermetic divider with graduated scale in litre and gallons

Removal of the divider

Lifting of the divider: you can empty the bucket easily

UNI Jr.

*Professional cleaning
for **everyone***

HOOKING

TOUCH-FREE

RELEASING

HIGHEST HYGIENE

Uni Junior ensures a high level of hygiene thanks to the touch-free unhooking system that allows the flat mop to be easily removed without hand contact. Avoiding any direct contact with dirt ensures **maximum control of cross-contamination**.

BEST RESULT

Uni Junior allows **effectively collecting dirt and more than 95% of bacteria**, easily cleaning corners, stairs and skirting boards. The system has no limits and can be used to clean horizontal and vertical surfaces alike, ensuring high performance in both cases.

HIGHEST ERGONOMICS

Uni Junior ensures **considerable time and effort savings**: the frame remains partially open to ensure quick set-up while the flat mop is attached to the frame in an instant. Moreover, the system eliminates bending during use, protecting the back and joints.

A high-tech solution at your service

Uni Junior includes the technology of the professional Uni System, designed to **facilitate cleaning operations** and **ensure maximum hygiene**.

The advantages offered are many:

**NO COMPLICATED
PROCEDURES**

Micro-flaps
designed to be fixed
to the frame

**NO STRAIN ON BACK
AND JOINTS**

Buttons to detach
the dirty mop and avoid any
contact with dirt

Microfibre
with brushed fibre strips for intensive action
and optimal results even on safety flooring

Central pedal
for quick opening
of the frame during use

Complete the system for wringing like professionals

Uni Bucket is a modern design bucket with wringer that combines the advantages of professional wringing with details designed to facilitate semi-professional use: **maximum ergonomics and efficiency**, while maintaining **lightness and resistance**. Designed to be used with Uni Junior, it ensures **high performance wringing**.

14 L

HANDLE HOLDER
to attach the handle to the bucket

SNAP-IN CONNECTION
to secure the wringer to the bucket

WIDE OPENING
for easy filling and emptying

INTEGRATED SLIDES
to help and facilitate wringing

BACK HANDLE
for convenient emptying of the solution

To be used with the following buckets: Slim, Jim, 20 L bucket code 00002907, Squizzy Roll, Mini and Double Bucket and Split bin

Buckets and accessories

Hermetic

Pre-soaking bucket

FEATURES

Thanks to the use of Hermetic bucket it is possible to control chemical solution dosage, thus avoiding useless waste and fasten sanitizing operations, reducing operating costs.

The bucket is provided with cross handle, that allows transport with ease.

Lid is provided with hook system to the bucket and a long-lasting specific seal that ensure an hermetic closing.

Hermetic can be used with the plastic reducer, ideal to facilitate mops with strap tape system placing inside the bucket during pre-soaking and afterwards the fixing to the frame during cleaning operations.

PREPARATION OF PRE-SOAKED MOPS WITH HERMETIC

Placing mops

Dosing chemical solution

Equal distribution of the solution

Hook to the bucket and to the hermetic seal

TO BE USED WITH WASHING SYSTEMS

Uni System

Pockety, Blik & Wet Disinfection

Strap tape system

Trilogy

Magic modular trolleys

Magic

Multipurpose trolleys

FEATURES

- **EFFICIENT:** provide easy and convenient transport, washing and waste collection operations
- **ERGONOMIC:** designed following the principles of ergonomics, they stand out for being easy to use and handle
- **RESISTANT:** made completely of polypropylene, a stainless and elastic material that guarantees shockproof performance
- **LARGE:** equipped with multiple compartments that allow you to have all you need at your fingertips
- **MODULAR:** customisable with shelves and drawers and can be completed with accessoires to meet and cleaning need
- **SAFE:** ideal to carry cleaning tools in environments where the material should be kept safely in the trolley
- **HYGIENIC:** the frames clearly separate the modules avoiding contamination between the areas of the trolley
- **EASY TO CLEAN:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene
- **CUSTOMISABLE:** the panels can be customized with decorative motifs, advertising or with the image of the cleaning company

NEW

Plug Lampo for touch-free release of frames

Pockety system for touch-free release of mops

Wiz wringer for optimal wringing

Dead man's brake system for increased safety

EU ECOLABEL CERTIFICATION

EU Ecolabel certified **Magic** trolleys are synonymous with sustainability, safety and quality: the eco-label enshrines low environmental impact, health protection and quality in product design and manufacture, resulting in an excellent investment over time.

SUSTAINABLE THROUGHOUT THEIR ENTIRE LIFE CYCLE

Made of at least 30% recycled plastic and designed to be easily disassembled to facilitate easy repair and recycling at end-of-life

SAFE FOR PEOPLE AND THE ENVIRONMENT

Products without the use of heavy metals harmful to human health and dangerous to ecosystems including cadmium, lead and mercury

HIGH QUALITY AND LONG-LASTING SERVICE LIFE

They have passed the tests for strength, stability, durability and operator safety conducted by an independent body according to EN 16121 and EN 14073

NOT ONLY ECOLABEL!

Choosing Magic means contributing to sustainable development and reducing greenhouse gases

LESS CARBON DIOXIDE EMISSIONS

Magic trolleys are made with polypropylene, a low impact material that generates fewer CO2e emissions than aluminium, stainless steel, and chromed iron

CERTIFIED RECYCLED PLASTIC PSV

PSV-certified recycled polypropylene components further halve the emissions associated with each trolley

THE FIRST CARBON NEUTRAL TROLLEY LINE

The long-term compensation programme started in 2019 fully offsets the carbon emissions associated with the annual production of Magic trolleys

Magic

Dead man's brake system

FEATURES

- **HIGHEST SECURITY:** ideal for professional cleaning in high-traffic areas where the safety of the operator and the people passing through these environments is a priority
- **BRAKE OFF:** ensures maximum control of the trolley, which can only be operated when the brake lever is lowered
- **BRAKE ON:** the automatic brake is activated again as soon as the lever is released, preventing unintentional movement of the trolley and thus avoiding dangerous accidents

Magic System 840E3

Magic - Components and accessories

Plug Lampo for Magic

Device for releasing frames on the trolley

FEATURES

- **MEETS EVERY NEED:** designed for use with a wide range of dusting and washing frames for complete cleaning without any compromise
- **ENSURES MAXIMUM HYGIENE:** the operator can place frames on the trolley, avoiding direct hand contact with contaminated surfaces
- **MAKES PROCESSING EASY:** allows all frames to be positioned outside the operating areas, ensuring a trolley free of obstacles that slow down operations
- **MULTIPLIES THE POSSIBILITIES:** reduces the quantity of handles needed, allowing maximum equipping of even the most compact trolley

To be used with Magic trolley with bag holder

Tablet holder kit

FEATURES

- UNIVERSAL: adjustable fixing to fit any tablet from 7 to 10.1 inches in a few moments
- SAFE: the tablet is secured to the tablet holder thanks to a key that prevents theft
- FLEXIBLE: the movable arm is highly flexible, allowing the tablet to be positioned out of the way of any cleaning operations, convenient to use
- ELEGANT: its simple design makes it a welcome addition to cleaning systems
- LONG-LASTING: made of aluminium with anti-oxidation treatment for increased lifespan
- COMPATIBLE: it can be applied to Magic trolleys; attach using the specific Rilsan painted fixing bar

Magic BCS pedal set

Antibacterial polypropylenem pedal set for 150 L bag holder of Magic BCS trolleys

code	notes	C
V050077X		<input checked="" type="checkbox"/>

GREEN

LINE

FAST ASSEMBLY

The snap-together system and the total absence of screws make the trolleys easy and quick to assemble

EASY TO CLEAN

- Round and smooth surfaces to meet high hygiene standards
- First quality plastics and the closing of all holes make the trolley easy to clean

CENTRAL AND SIDE BASKET SOLUTIONS

- Made of polypropylene, fully recyclable
- Lightweight, strong and rust-proof
- Easy to hang directly on the plastic panels
- They make the trolley even more functional and large

GREEN WHEELS OPTIONS

Green Line offers a wide selection of wheels, to be used for all trolleys.

STANDARD Ø 100 WHEEL

Wheel with metal support and sleeve

Ø 125 RUBBER WHEELS

Rubber wheel with sleeve

KIT WITH 200 MM AXIAL WHEELS

Kit with axial wheels Green

Smile

Smile

Bag holder with inserts

FEATURES SMILE BAG HOLDER

- Polypropylene and aluminium bag holder
- Rustproof
- Wide opening of the lid to drop off easily waste
- Round bag holder ring with bag tightener
- Rounded edges and smooth surfaces to clean it easily
- Handle and back axial wheels to move the trolley easily
- Non-marking rubber wheels
- Elegant and pleasant design
- Sustainable as completely recyclable
- It can be used with bags 70/75 x 110 cm - 80/85 x 110 cm

FEATURES INSERTS

- Plastic inserts to separate bins Smile 120 L, ideal for separate waste collection
- Easy to clean
- Complete with bag-tightener
- Made in polypropylene, 100% recyclable, stable and longlasting bins
- Configuration with 2 compartments: 2x60 L
- Configuration with 3 compartments: 60 L + 2x30 L

AUTO-BLOCK SYSTEM FEATURES

- Hooks for Smile bag holder, practical and easy to use
- Designed to customize cleaning and waste collection operations
- Leaving the hooks attached, the lid closes automatically, avoiding any contact with the hands
- Removing the hooks, the lid gets locked, ensuring maximum ergonomics while emptying bins

AUTOMATIC LID CLOSURE

Magic Hotel

FEATURES

100% PURE SPACE

Magic Hotel is a revolutionary range of trolleys, the result of long-term field researches and studies. The operator can use an unequalled instrument with regards to:

- Ergonomics
- Safety
- Modularity
- Storage capacity
- Elegance

LID OPENING THROUGH PEDAL

ERGONOMICS

- Avoids contact between hands and lid.
- Easy removal.
- Lid closes slowly thanks to SHHUT System buffers.

PLACE TO HIDE THE KEY

LOCK

SAFETY

Equipped with ergonomic hand grip and a place to hide the key to reduce the risk of loss.

CUSTOMIZE YOUR TROLLEY WITH YOUR LOGO

CUSTOMIZING

You can customize your Magic trolleys not only in terms of the components, but also of the image. Thanks to new technologies, you can print in four-colour directly on the doors and sides of the trolley.

On request it is possible to customize the trolley with your logo or any other image you like.

CENTRAL OPENING, SO IT IS MORE PRACTICAL AND EASY TO USE

DOORS WITH CENTRAL OPENING

Magic Hotel trolleys with two storage units are available with central door opening to improve accessibility.

Doorstop

Universal doorstop with rubber edge

FEATURES

- **ERGONOMIC:** thanks to its release system it can be placed and removed with ease and no unnecessary bending is needed
- **NON MARKING:** thanks to its thermoplastic rubber edge it leaves no marks on doors or floor surfaces
- **UNIVERSAL:** designed to fit all door sizes
- **ANTI-SLIP:** it will grip most surfaces thanks to its moulded rubber edge
- **COMPACT:** small in size and easy to carry around, hanged on cleaning trolley

Floor signs

Pyramidal safety signal

FEATURES

- Robust, with rounded corners and smooth surface so easy to be cleaned
- At the top it has a hole to insert the rectangular tables with different types of signs
- Thanks to the structure of the cone with the enlarged and round base, the signal remains steady even in case of accidental bumps
- The signal has two holes on the top, for easy transport
- Four-sided shape for efficient stocking

- Red flashing light for the pyramidal signal
- Insert to the top, into the central hole
- The housing is in plastic and it is completely waterproof for outdoor use
- Equipped with a button to switch on and off the light
- It works with 2 batteries 1,5 V lasting about 2 months
